Prior to use, refer to product labeling for complete instructions for use, contraindications, warnings and precautions.

SpeediCath® catheters are prescribed for use by patients who require bladder drainage due to urine retention or post void residual volume (PVR). Before use, carefully read all of the instructions. Call your doctor if you think you have a UTI or can't pass the catheter into the bladder. For more information regarding risks, potential complications and product support, call Coloplast Corp. at 1-866-226-6362 and/ or consult the company website at www.coloplast.us.

1. Product evaluation of SpeediCath Compact Set, response from 70 HCPs and 550 end-users, Feb. to Sep. 2013.
