

The truth is:

This is not your average Coudé

With **Triple Action Coating Technology** and a flexible coudé tip, not only is insertion smooth and gentle, it also helps reduce the risk of urethral damage* – crucial as the average intermittent catheter user will catheterize 1,825 times every year¹

Flexible coudé tip
for easy insertion and
navigation through
difficult male anatomy

**Triple Action
Coating Technology**
for protection of the urethra

Soft catheter
Designed for gentle, easy
insertion and withdrawal

Soft grip
for easy, no-touch
control of the catheter
during catheterization

Dry-sleeve
supports a hygienic, no-
touch catheterization routine

SpeediCath® Flex Coudé Pro

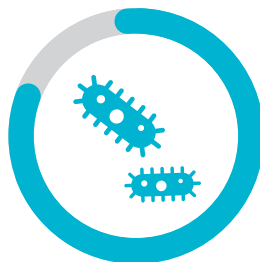

In a survey with 123 male users

79% would recommend SpeediCath® Flex Coudé Pro to other users

Flexible

72% agreed the catheter feels gentle due to the flexible tip and the soft catheter²

Hygienic

81% agreed it is easy to handle the catheter in a clean and hygienic way²

Private

79% agreed the product makes it easy to keep catheterization a private matter²

Featuring our unique Triple Action Coating Technology designed to protect the urethra in three ways:

Stays bonded for a long-lasting, even coating without dry spots

Stays smooth for easy insertion and reduced friction

Stays hydrated so it is always ready-to-use

So why not try **SpeediCath Flex Coudé Pro** with your male patients today?

(Reports 4-6 catheterization per day for an adult patient. Assuming 5 times a day for an average adult, it is calculated to be 1825 catheterization/year).

2. SpeediCath® Flex Coudé Pro, US Pre-launch evaluation results, 2018, N=123

SpeediCath® Flex Coudé Pro is indicated for use by patients with urine retention and patients with a post void residual volume (PVR) due to neurogenic and non-neurogenic voiding dysfunction. The catheter is inserted into the urethra to reach the bladder allowing urine to drain. The product is for male patients only. See the device manual for detailed information regarding the implant procedure, contraindications, warnings, precautions, and potential complications/adverse events. For further information, call Coloplast Corp. at 1-866-226-6362 and/or consult the company website at www.coloplast.us. Rx Only.
